

Repression and genocidal dynamics in Burundi

The International Federation for Human Rights

15 November 2016

The International Federation for Human Rights has released a new report, entitled "Repression and genocidal dynamics in Burundi". The report claims the commission of crimes against humanity are ongoing in the country and urges the international community to send a civilian protection force to Burundi to prevent the possible civil war and genocide, as the report point out that most criteria for such atrocities are already in place.
